

OSEI RICHARD AMPAH

PROFESSIONAL SUMMARY

Detail-oriented, organized, and meticulous employee. Enthusiastic team player ready to contribute to company success.

WORK HISTORY

IT Technician, 2019 – 2020

NAMA – Accra, Ghana

- Implemented proactive measures, including regular system maintenance and updates, to optimize system performance and minimize hardware failures. By conducting scheduled maintenance tasks, such as software updates, hardware inspections, and performance optimizations, I significantly improved the overall stability and reliability of the systems. As a result, we experienced reduced downtime, improved response times, and a decrease in hardware failures, leading to enhanced operational efficiency and increased productivity.

Full-stack Developer, 2022 – Current

Cedirates – Accra, Ghana

- Developed responsive and intuitive front-end interfaces using Reactjs, ensuring a seamless user experience across devices, as well as utilizing data visualization libraries to present historical data in interactive charts, aiding data analysis and decision-making.
- Helped build a scalable and secure backend using Node.js, Express.js, and MongoDB, handling data retrieval, storage, and manipulation for fuel prices, exchange rates, and historical data.
- Actively participated in agile development processes, such as sprint planning, daily stand-ups, and retrospectives.

React Developer, 2023 – Current

Abibiman Company Limited – Accra, Ghana

- Created responsive and user-friendly front-end interfaces using React.js to provide a seamless experience across devices. Incorporated data visualization libraries to present historical data through interactive charts, facilitating data analysis and informed decision-making.
- Engaged in agile development methodologies, actively contributing to sprint planning, daily stand-ups, and retrospectives. Collaborated closely with cross-functional teams, including designers and data analysts, to gather requirements, offer technical expertise, and deliver top-notch software solutions.

SKILLS

ReactJs, MongoDB, ExpressJs, NodeJs, JavaScript, TypeScript, GitHub, Firebase, MUI, TailwindCSS, Bootstrap, Shadcn, Photoshop,

EDUCATION

Software Engineering

Codetrain, Ghana

- Completed an intensive Software Engineering boot-camp where I gained proficiency in the MERN (MongoDB, ExpressJs, ReactJs, NodeJs) stack.
- Implemented RESTful APIs using Express.js and Node.js, following industry-standard practices for routing, middleware, and data handling. Integrated front-end components with back-end APIs to create seamless user experiences and developed strong database management skills.
- Utilized Git for version control, facilitating efficient collaboration and code management in team environments.

Bachelor of Commerce, 2015 – 2019

Plekhanov Russian University of Economics, Moscow
